

QuiltNebraska 2009

Friday All Day Class

FAD21

elinor peace bailey

“Izzie” or Dollmakers Choice

Select elinor’s newest doll “Izzie” or another epb doll pattern. Students spend the day learning the techniques and skills specific to their choice of pattern. The materials list is on the back of each pattern. It will be helpful if you have your pattern pieces traced and/or cut out before class. On display will be many of elinor's doll and quilts in addition to the projects of the other students. If the student wishes elinor will paint one doll face.

Patterns are available at quiltshops or from elinor in the class as available, or on line at www.epbdolls.com.

No class kit fee.

Supplies:

A sewing machine is required and it's nice if you know how to use it.

GENERAL ORIENTATION FOR TAKING A CLASS

1. When taking a class with elinor that is based on a pattern-purchase the pattern and read it through. Check for the areas that you have questions. Cut out, copy or trace off the pattern. The materials list for the class is on the back of your pattern.
2. Select or purchase the materials called for in the pattern.
3. Bring basic sewing supplies. If the class requires that you use stuffing, use Fairfield Polyfil.
4. One of the ways to make class more productive for you is to bring your journals, sketch books, samples of your work, or photos. When an instructor can see your work she is better able to focus on your expectations for the class.
