

# QuiltNebraska 2009

## Friday All Day Class

**FAD24**

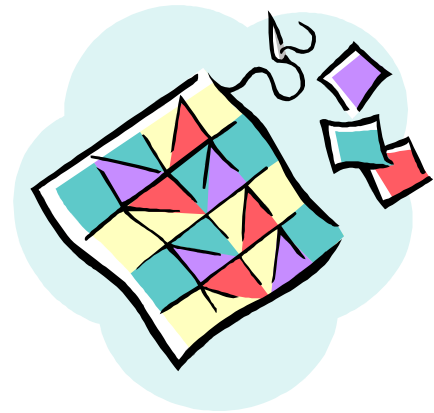

**Diane Harris**

**UFO: CONQUER OR BUST**

All Levels

Bring to this class a quilting UFO (unfinished object) and get the help, ideas and inspiration you need to complete it. Whether the problem is with the technique, poor instructions, losing your place, color disaster, boredom, inertia or whatever, this class will get you going again.

Lots of brainstorming and fun! Be prepared to think outside the box and finish a dynamite project! If you just need time to work, that's fine, too. Bonus info: best-ever binding hints, tips and tricks to finish with a flourish.

### **Supplies:**

A grocery sack full of ANY fabrics to share with others and *all of the following that apply* to your UFO:

Pattern

Fabric

Other fabric possibilities

Special tools or templates

Basic cutting and sewing supplies

Sewing machine & extension cord
