

QuiltNebraska 2009

Saturday Morning Class

SAM60

Cathy Miller

Reverse Machine Appliqué

Skill Level: Some free motion machine quilting experience.

We will practice this technique by working on a small project using two layers of fabric, free motion machine stitching and cutting away the top layer to reveal the bottom. This is very useful for both quilts, and wearable art. The finished item will probably end up about 24" square.

Supplies:

Two 1-yard pieces of fabric (one piece of solid black and one piece of interesting batik or hand-dye)

Batting, and backing.

Colorful thread and black thread for sewing machines

Small sharp fabric scissors

Seam ripper, paper, pencil, eraser

Sewing machine
