

QuiltNebraska 2009

Saturday Afternoon Class

SPM72

Nancy Christopherson

LONG ARM PANTOGRAPH FUN

Beginner

A great place to start your long arm "Quilting" career. In this class you will learn to use a pantograph on your borders. You will learn the technique of turning your quilt, how to use the laser light with ease, and how to advance the quilt, line up an interlocking pattern, and stitch out multiple passes. Before you know it you will be finishing your quilts with ease.

Supplies:

Pencil & pad of paper for drawing your own personal designs

Shears for clipping threads

Pins & Pincushion

Material/Kit: \$15.00

Kit includes spool of quilting thread, pre-wound "M" class bobbin, quilt top, backing & batting
